

Clinical Fellowship in Concussion

The Canadian Concussion Centre Fellowship

The Clinical-Research Fellowship in concussion is a 1-2 year fellowship program that is open to applicants who have completed residency training in Neurology, Neurosurgery or Physical medicine and rehabilitation or are physicians holding a sports medicine certificate and wish to pursue further training in the clinical aspects and research of concussion.

Applications for the fellowship year 2022-2023 (alternative start date available), which consist of a statement of purpose, CV, and 3 letters of recommendation, should be submitted to:

Carmela Tartaglia, M.D., FRCPC
Concussion Fellowship Director
Toronto Western Hospital
West Wing 5-449; 399 Bathurst St.
Toronto, ON M5T 2S8
Or via email: carmela.tartaglia@uhn.ca
