

Updates in Narcolepsy Management:

Expert Peer Discussion on Diagnostic Challenges & New Treatment Options

INVITATION TO WEBINARS

Accredited Group Learning Activities Supported by Industry

English sessions

Wednesday, September 28, 2022

8:00 - 9:30 PM EST

Atul Khullar, MD

Thursday, October 6, 2022

6:00 - 7:30 PM EST

Atul Khullar, MD

French session

Tuesday, October 11, 2022

6:00 - 7:30 PM EST

Thanh Dang-Vu, MD, PhD

Learning Objectives

After completing this program, participants will be able to:

- Correctly interpret symptoms and test results to differentiate narcolepsy from other sleep disorders
- Describe diagnostic criteria and diagnostic procedures for making a diagnosis of narcolepsy
- Review clinical trial data for novel therapies recently approved by Health Canada for the treatment of symptoms of narcolepsy (pitolisant and solriamfetol)
- Discuss the role of new therapeutic options in the current management of narcolepsy
