
Stroke Neurologists
Trillium Health Partners, Neuro/MSK Program

Trillium Health Partners (THP) is the largest community-based academic health network in Ontario, serving over one million residents in the communities of Mississauga, Peel Region and West Toronto. The hospital encompasses three main sites – Credit Valley Hospital (CVH), Mississauga Hospital (MH), and Queensway Health Centre (QHC) – offering a full range of acute care hospital services, as well as a variety of community-based specialized programs.

The organization is an affiliated academic teaching centre with the University of Toronto. The Division of Neurology has an excellent working relationship with Neuro-radiology Department and Neurosurgery Division, and actively participates in clinical research trials. We also support well-established Spine, Neuromuscular, Neuro-oncology, General Neurology, and Stroke Clinics. THP is a regional Stroke Centre and a leader in stroke care in Canada with more than 150 thrombolysis cases per year, and over 2,500 visits per year to our outpatient Stroke Clinic. The regional stroke program also has a 25-bed integrated stroke unit with 16 acute and 9 rehab beds.

We currently have two positions available for full-time Stroke Neurologists (Neuro-Hospitalists) to join a team of nineteen neurologists with well-established practices. As a Neuro-hospitalist, the position includes daytime dedicated acute stroke and general neurology care and inpatient consultation at Mississauga Hospital site on a rotational basis. The position also includes participation in equitable evening and weekend call coverage, general neurology and stroke prevention clinics. The position is well supported by dedicated neurology and stroke nurses and a nurse practitioner, as well as a stipend plus fee for service.

The position represents an opportunity to join a group of dedicated healthcare professionals in a progressive organization. The successful candidate will be licensed in good standing in Ontario or eligible for a license to practice in Ontario, Canada. The successful candidate will be eligible for appointment with the Department of Medicine at the University of Toronto. The position is currently available to start in March 2022 but an appropriate candidate engaged in additional fellowship training over the next year could start in July 2022.

Interested candidates are requested to reply with a covering letter and curriculum vitae to:

Dr. Amer A. Ghavanini, MD PhD FRCPC CSCN (EMG)
Division Head of Neurology, Trillium Health Partners
Clinical Assistant Professor, University of Toronto
Email: AhmadAmer.Ghavanini@thp.ca
