
Neurologist with Specialization in Multiple Sclerosis
Trillium Health Partners, Neuro/MSK Program

Trillium Health Partners (THP) is the largest community-based academic health network in Ontario, serving over one million residents in the communities of Mississauga, Peel Region and West Toronto. The hospital encompasses three main sites – Credit Valley Hospital (CVH), Mississauga Hospital (MH), and Queensway Health Centre (QHC) – offering a full range of acute care hospital services, as well as a variety of specialized programs.

The organization is an affiliated academic teaching centre with the University of Toronto. The Division of Neurology has an excellent working relationship with Neuro-radiology Department and Neurosurgery Division, and actively participates in clinical research trials. We also support well-established Spine, Neuromuscular, Neuro-oncology, General Neurology, and Stroke Clinics.

We currently have one position available for a full-time Neurologist with specialization in Multiple Sclerosis. The successful candidate to join a team of nineteen neurologists with well-established practices. The position requires participation in equitable daytime, evening and weekend inpatient and emergency department general neurology call coverage and consultation services at CVH. The general neurology call coverage does **not** involve hyperacute stroke/MRP services. The position also includes participation in general neurology and specialty clinics. Candidates with EEG training and CSCN EEG certification would also have the option of participating in EEG reporting. The position is well supported by dedicated inpatient and outpatient neurology nurses. The position does not include hyperacute stroke coverage.

The position represents an opportunity to join a group of dedicated healthcare professionals in a progressive organization. The successful candidate will be licensed in good standing in Ontario or eligible for a license to practice in Ontario, Canada. Candidate with additional training and fellowship in Multiple Sclerosis will be preferred. The successful candidate will be eligible for an appointment with the Department of Medicine at the University of Toronto. The position will remain open until filled and is currently available to start in January 2024.

Applications must include a letter of interest, an up-to-date Curriculum Vitae, names and contact information of three referees. Select applicants will be invited for an interview. Applications are to be submitted via email by November 15, 2023, to:
