

MINDS

Mississauga Institute of Neurological
Disorders and Stroke

The Mississauga Institute for Neurological Disorders and Stroke (MINDS) is seeking a qualified fellowship trained Neuromuscular Neurologist. MINDS is a community based large multi-specialty clinic that provides Neurologic outpatient care to a large and diverse catchment area. In addition to the experience of providing exemplary clinical service, the ideal candidate must demonstrate strong potential for outstanding teaching at the undergraduate and postgraduate level. The successful applicant will attend general neurology and EMG clinics and will engage the local community and students in teaching initiatives. There are no on-call requirements.

Candidates must be eligible for licensure in Neurology by the College of Physicians and Surgeons of Ontario. Preference will be given to those who have further training in neuromuscular diseases. Preference will also be given to those who either hold or are eligible for certification in neurology by the Royal College of Physicians and Surgeons of Canada. An interest in Myopathies and autonomic disorders is an asset and would compliment existing expertise within the clinic.

Applications are to include a curriculum vitae, a brief biography and the names and full contact information of one reference. Complete applications are to be directed to:

Dr. Jamsheed Desai MD FRCP
Medical Director
