

Academic Movement Disorder Neurologist
University of Toronto, Krembil Brain Institute
University Health Network/Sinai Health System

The Division of Neurology, Department of Medicine, University Health Network/Sinai Health System (UHN/SHS) at the University of Toronto is seeking a full-time, permanent Academic Neurologist with a focus on Tourette's Syndrome and neurodevelopmental movement disorders. The candidate must be eligible for a full-time clinical academic appointment at the rank of Associate or Full Professor with the position description of Clinician Investigator at the University of Toronto. The effective start date is at a mutually agreed upon date prior to Jan 2024. The successful candidate will hold a MD degree and should have, or be eligible for, certification in Neurology by the Royal College of Physicians and Surgeons of Canada and licensure with the College of Physicians and Surgeons of Ontario (CPSO). They will have specific additional training such as a Master's degree or equivalent. Academic appointment will be within the Division of Neurology, Department of Medicine, University of Toronto. Research and clinical focus will be on Tourette's and rare movement disorders. Clinical service will be in the Division of Neurology, KBI for on-call, inpatient and ambulatory care. Teaching will be as per Division of Neurology requirements. Salary will be commensurate with training and experience. For more information about the Department of Medicine, University of Toronto; diversity and accessibility statements see <https://www.deptmedicine.utoronto.ca>. All qualified candidates are encouraged to apply; however, Canadians and permanent residents will be given priority. Applications will be accepted until Feb 28th 2023. Please send your curriculum vitae, three references letters and a letter of application to: Dr Susan Fox, Division of Neurology, Toronto Western Hospital 399 Bathurst St, Toronto ON, Canada M5T 2S8. Email: Susan.Fox@uhnresearch.ca
